

COUNCIL MEETING....

(continued from page 11, col. 5)

equipment and buildings as to cleanliness and maintenance while on duty.

Council discussed that the Town Engineer look into the feasibility of landscaping the grounds about the Reservoir and the elevated Water Tower and bring a report in to the next meeting of Council.

Following a discussion with regarding the erection of a swimming pool or arena, it was decided to let the Recreation Board go ahead with submitting and setting on information procured before it becomes too late for using the Provincial Grant.

Council appointed Chief Albert Miles as Welfare Officer for the Town of Drayton Valley.

It was the authorization of Council to sink test holes to a depth of up to 50 feet on the 55th Street, North of the Industrial Road, to find out the type of sub-soil in the area.

Council authorized the Town Police Department to put on a banquet for the meeting of the Northern Alberta Municipal Police in Drayton Valley on Friday, May 19th, the com to be borne by the Police Dept. budget.

The meeting adjourned at noon.

GOLF

In the Ponoka Men's Open Golf Tournament over the holiday weekend four Drayton Valley golfers were present and gave a very good accounting of their golfing ability. The D.V. golfers were Buddy Watkins, H. Shimbah, Alex Balash and Ted Wills.

Watkins won the Fifth Flight, Shimbah won Third and Balash and Wills matched the seniors in the Fourth Flight.

Notebook

Accountant Roy Clark, of the Royal Bank has been transferred to the Main Branch in Edmonton as second assistant Accountant, effective June 26. Roy is being replaced by Jerry Mc Coy who is being transferred here from Grasmere. This will make the second go-round in D.V. for Jerry who was here when the bank was in the Hotel, in the first spot it occupied. Jerry was taller then, he is accountant now.

Roy leaves (in D.V.) to mourn her loss his pretty fiancée" Miss Dorothy Shilline. Have heard no reports on when the wedding bells chime, as yet, but it may be soon.

GRADUATION 1961

Almost one hundred graduates, parents and guests filled the Cardium Room for the Frank Maddock High School Graduation Banquet last Friday evening. The gala affair, conducted in semi-formal dress is the highlight of the school and community year with a Graduation Dance held in the high school auditorium, following the Banquet. Eight fine young persons graduated this year, and it is expected that next year's class will see possibly three times that number graduating. Though quantitatively the group may be larger next year, qualitatively it can surely be no better.

Following is the program as it was conducted for the evening: Grace was given by the Reverend R. Brown, of All Saints Anglican Church, Master of Ceremonies Wally Mohr gave the Toast to the Queen, with the Toast to the School Board being given by Pete Kwasyncia and the Reply given by Mr. Frank Maddock, chairman of the Honorary Main School Divisional Board, Toast to the Staff was given by Howard Jensen with the Reply given by Dr. V. Kupchenko.

Terry McManus sang a song, "Moments to Remember" with his sister Gayle at the piano. Class History was given by Joyce Schulte. His Worship the Mayor

of Drayton Valley, Mr. A. Melis brought an address of welcome. Theodore (Ted) Cymbaluk proposed the Toast to the Parents, with Mrs. Jensen making a very fitting reply. The Class Prophecy was read by Terry McQuig, which was followed by the Presentation of Scrolls and Pins to the Graduates by High School Principal McManus. Toast to the Graduates was proposed by Norma Olsberg, with Mrs. Peters giving a very excellent "Message to the Graduates." Valerian (Ian) Joe Hruschak gave the valedictory address which will appear in another issue of this paper.

Mr. McManus introduced the Guest Speaker for the evening, Mr. George Bruce, Director of Correspondence Branch of the Department of Education, Province of Alberta.

The speaker stressed the advantages of a smaller school such as one in a town, in preference to a large city high school where there is too much between teacher and pupil. He spoke also on the growth of adult education courses taken by correspondence. He said that enrollment in the department stood at around three thousand.

(Cont. page 11, Col. 1)

This is the picture of the eight graduates and their dinner companions on the evening of the Frank Maddock High School Graduation Banquet held in the Cardium Room on Friday evening, May 26th. The eight who graduated were: Gayle McManus, Joyce Schulte, Joseph Hruschak, Terry McQuig, Peter Kwasyncia, Theodore Cymbaluk, Howard Jensen and John Hutchinson.

As they appear in the below picture they are, on the left side of the table L. to R.: Joann McIntosh, Teddy Cymbaluk, Gayle McManus, Ronelle Meier, Grace Miller, Howard Jensen, Georgina Walters, and Terry McQuig. On the opposite side of the table they are, right to left, Ann Renaski, Pete Kwasyncia, Joyce Schulte, Terry McManus, Miss Hutchinson, John Hutchinson and Joe Hruschak. In the immediate rear, seated at the head table is Guest Speaker Mr. George Bruce, Mrs. McManus and Master of Ceremonies Wally Mohr.

Curt's Studio

PICTURE ERROR

We are not responsible for the mix-up in the photographs which were in last week's paper, of the Municipal Police and the D.V. Fire Department. The error was made by the photographer in Drayton Valley and we did not discover it until too late to run the paper again. A similar mistake was made by the photographer on the issue of May 19th, just preceding the Amateur Boxing when the Boxers pictures were switched. However, we were fortunate enough at that time to discover the error in time to re-run the front page of the paper although it did entail a 1/2 of extra time and work. We certainly expect, for our own sake, as well as the sake of the readers, that similar mistakes will not occur in the future.

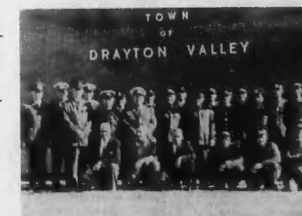

Below are the pictures in their proper order, with the names of the individuals immediately underneath:

D V FIRE DEPARTMENT

DRAYTON VALLEY FIRE DEPARTMENT: Front row, 1 to r. Roy Quinn, Walter Dierker, Clarence Frank, Stan Schlicht and Chief Don Grimes. Back row, 1 to r. Rod Herschell, Elmer Madson, Bob Heber, Reg Samls, Charlie Twinst and Larry Gano.

MUNICIPAL POLICE CONVENTION

MUNICIPAL POLICE CONVENTION: front row, (seating) 1 to r. Chief Redding, Hanna; Chief F. Redwin, Thomey; Chief R. Hendrich, Fort Saskatchewan; Chief A. Adams, Whitecourt; Chief M. McKenzie, Sundre; and Chief R. Sanderson, Spruce Grove; Second row, (standing) 1 to r. Chief D.J. Towns, Rocky Mountain House; J. A. James, University of Alberta Police; Chief A. Miles, Drayton Valley; Chief U.S. Anderson, Ma-Mo-Beach; H. Howard, Wataskiwa County; Chief A. Kenna, Ponoka; Chief P. Lemishko, Wildwood; and Chief R. Hildebrand, Bowden.

Back row, (standing) 1 to r. Chief E. Alpevich, Ladoc; J. Dixon, Drayton Valley; L. Gambin, Drayton Valley; Chief O. Schur, Lacombe; C. Krudsen, Lacombe; Chief A. Stuss, Brudenheim; Chief G. Hammonds, Rimby; G. Geoffrey, Ponoka; and Chief J. Rasi, Carleton.

TENNIS

Tennis enthusiasts of Drayton Valley and district will be pleased to hear that the Mobil Oil Tennis Courts have been opened for the summer months. Two fine courts are available for use and all near the Mobil Oil Offices. The fees for the coming season are \$5.00 for the individual membership and

\$7.00 per family, which will be payable to the D.V. Tennis Club, c/o John Nagy.

The courts will be open every day at all hours so here is your chance to swing the old racket and work up your tennis game. Anyone using the courts is asked to use tennis shoes or some rubber soled footwear as is customary on all hard surfaced courts.

Reports

This week Ottawa has been in a stir with President and Mrs. Kennedy visiting here. Yesterday we were assembled with the Senate to the House to hear this address. Afterwards we had an opportunity to meet President Kennedy.

My impression was that he was a cheerful young man trying to do a job. He has a magnetic personality and in close-up is much more mature than his pictures sometimes indicate. His wife is charming and resembles very much her pictures.

His speech to us dealt with many aspects of Canada-United States relations. He stressed the fact that he felt Canada should join the organization of American States. His second point that he stressed was that NATO should become better organized and better armed to resist aggression.

With regard to Canada joining the O.A.S., I am in agreement with this. However, we must make sure that our participation in O.A.S. will not weaken our economic and other aid which we are now giving to the emergency nations of the Commonwealth.

NATO must be our first line of defence. Our Prime Minister has been advocating that NATO become a stronger unit for the past few years. We would like to see the NATO countries join together in disarmament negotiations as well. The economic arm of NATO O.E.C.D. must also be strengthened and used to provide aid to our allies and to make sure that we do not lose out to a Communist trade offensive.

The first volume of the MacPherson Commission Report has now been received. This is an interim report and deals with the causes of the Railway difficulties in Canada and makes several major recommendations to try and cure them.

Briefly stated the view of the commission is that obligations imposed upon railways by operation of law or public policy, should not be a financial burden upon the railways, and the users of rail services. The whole problem of railways and rail freight rates in Canada is a very complex one.

They recommended that large subsidies be paid by the Federal Government on a definitely diminishing scale to the railroads to allow them to get out of economic services and branch lines. The railway reports also state that a subsidy of some \$3 billion be paid to the railways because of the Crown West Pass

rates. There was a controversy in the commission in this respect, and Commissioner Bruce Robb of Quebec has written a minority report stating that he does not agree and feels that no subsidy should be paid here.

Our Government has already stated that there will be no involvement with these rates. In the words of Prime Minister Diefenbaker, they are the "Magna Carta of Western Canada."

I fully agree with Mr. Robb in his minority report when he says:

"I cannot, however, accept the other Commissioners' decision that a subsidy is required in order to compensate the railways for alleged deficits incurred on the carriage of grain and grain products to export positions. There are three reasons for my disagreement with this decision.

Firstly, I believe that the Canadian Pacific Railway, having obtained certain very real advantages when it undertook - in partnership - to accept a ceiling on these grain rates, became party to a contract which is still in effect and which must be abided by.

Secondly, I do not believe that the grain code studies which have been brought before this Commission have succeeded in their attempts to measure the extent of the loss

attempts to measure the extent of the loss which, it is alleged, the railways incur in the movement of grain under statutory rates. I am not convinced, furthermore, that the studies in question have been able to establish that there is any loss whatsoever.

Thirdly, I believe that, if there is a loss associated with the carriage of grain it is due to the cost of maintaining light density lines rather than the cost of carrying grain."

This to me is still the situation with regard to grain rates. The Government is studying the balance of the report but there will be no change on grain being shipped for export.

QUICK CENSUS FACTS

The 1961 Census begins Thursday June 1. The bulk of counting is expected to be completed in cities in two weeks, and in rural areas in three weeks.

In the Middle Ages, censuses were taken to levy taxes and raise armies. But Canadian law forbids the use of census data for any such purpose.

Canada has the distinction of taking the first "modern" census. This was the Census of the Colony of New Brunswick in 1666, ordered by Louis XIV. It recorded a population of 3,215, compared with an expected 18,200, 000 this year.

COOKING MAGIC

Tested Recipes and Meal Planning Men Prepared for Pioneer News Advertiser Readers by the Home Service Department of Northwestern Utilities, Limited.

Add a salad to your main course for that touch of spring or better yet, serve a salad as the main course.

SPRING SUNSHINE SALAD

- 1 pkg. lemon jelly powder
- 1/4 cup powdered sugar
- 1 1/2 cups boiling water
- 15 oz. creamed cottage cheese
- 24 marshmallows, cut into thirds
- 1 1/4 cups pineapple tidbits

Blend jelly powder and ginger. Add boiling water. Stir until dissolved. When syrupy add cheese, which has been put through a sieve or ricer. Chill until quivery. Then fold in cut marshmallows and pineapple. Pour into 1-quart mold. Chill in ice refrigerator until firm. Garnish with half pineapple rings sliced watermelon, and tiny sprays of water cress. Serves 8 to 10.

TWO - DECKER SALAD

- 2 pkgs. lime-flavored jelly powder
- 3 cups hot water
- 1 1/2 lbs. cottage cheese, well drained
- 1 tbsp. chopped onion
- 1 tbsp. vinegar or lemon juice
- 2 tbsp. horseradish
- 2 tbsp. mayonnaise

Dissolve jelly powder in hot water. Chill until partially set. Beat until light. Stir in remaining ingredients. Pour into 2 1/2 quart mold which has been rinsed in cold water. Chill until set in ice refrigerator. Arrange egg slices around edge of mold half-way into green mixture.

TOMATO LATERS

- 4 cups fresh-cooked (or canned) tomatoes.
- 1/2 cup chopped onion.
- 1/4 cup chopped celery leaves
- 1 bay leaf
- 2 whole cloves

When the Census Taker calls please be ready with the answers he needs

Every household in Canada is being sent a list of questions the Census Taker will ask. Please study it and be prepared to answer all the questions or leave the answers with someone who will be at home when the Census Taker calls.

What will you be asked? Questions such as: what is your age and schooling; are you employed and what is your exact job title; how many hours do you usually work each week; in how many weeks did you work for wages or salary in the last 12 months; what were your earnings in the last 12 months?

All information is kept strictly confidential and by law is not available to any private organization or person, or any government department or agency other than the Dominion Bureau of Statistics. The Census is interrelated only in totals accumulated for all parts of Canada.

When the Census Taker calls, welcome him with your co-operation. Everyone will benefit when you help Canada count!

MACHINERY TESTS

It is often very useful to have an independent and expert report on machinery before buying. The Saskatchewan Agricultural Machinery Administration has established an excellent test centre where farm equipment is tested under a variety of conditions. These reports of these tests are now available to Alberta farmers.

A farmer who has studied these reports is in a much better position to choose the equipment which will be the most satisfactory for his particular needs and farming conditions.

The reports, published in bulletins, can be obtained, free of charge, from this office.

MASTITIS

Careless use of antibiotics is mainly responsible for the fact that mastitis is still a serious problem. Dr. J.G. O'Donoghue Alberta's Extension Veterinarian,

points out that indiscriminate use of antibiotics is often due to the false belief that these drugs can work miracles.

Reports from veterinarians show that mastitis is still the major problem with which Alberta dairymen have to contend.

These drugs are very useful in the treatment of mastitis if they are used with discretion, says Dr. O'Donoghue. They are, however, by no means a "cure all." In fact the prevention of hard problems they are secondary to good milking practices and good management. There is little doubt that antibiotics have reduced the type of mastitis caused by staphylococcus organisms but unfortunately there has been a corresponding increase in staphylococcus mastitis. Because staphylococcus is not as susceptible to antibiotics as streptococcus the over all picture remains unchanged.

Dr. O'Donoghue advises dairymen using antibiotics in quantity, to keep a good record of their use. The advice of a veterinarian and a laboratory examination of milk samples will help to determine the kind of bacteria causing the trouble and should also shed light on management and treatment practices that need improving.

To prevent mastitis from spreading, vaccination rather than antibiotic treatment may be advisable, particularly in staphylococcus mastitis. A vaccine can be either commercially produced or made from organisms collected from the infected herd.

Proper management, through strict sanitation, proper operation of the milking machine, and a periodic laboratory examination of milk from each of the cows' quarters is still the key to mastitis control, says Dr. O'Donoghue. When, however, antibiotic treatment is necessary no milk should be fed into the field milk supply for at least 72 hours after the last administration of these drugs.

CANADIAN COACHWAYS LTD

This is the first of what we plan to be monthly lectures concerning our service and the district we serve. We hope you will find them interesting and informative and that some of the items may be useful to you.

Many people may not be aware that our company inaugurated a scheduled twice weekly service to Yellowknife in January 1961. This is an extension of the Hay River service over the new Great Slave Highway and is a welcome addition to our service to the Northwest Territories.

To offset the long break-up per-

Crown Lumber Company Limited.

Good, light trucks, bombarded, dog teams and boats are being used to cross the Mackenzie River at Fort Providence. By using this means of transferring goods and passengers over the river, what might be several weeks' interruption in service has been reduced to a few days.

The express passenger train applied to this route is the same as applied elsewhere in the system (Cont., page 8, Col. 1)

CANADIAN COACHWAYS LTD. (Cont' from page 8, Col. 8)

The very active Yellowknife Board of Trade in conjunction with the Northwest Territories Tourist Association are doing an excellent job of publicizing this new highway and the area in general and it is hoped that this will become a popular tourist route as well as a much needed commercial highway.

A word of CAUTION to shippers.

We cannot ship wet cell batteries filled with acid. The batteries may, however, be shipped dry with the acid in separate plastic containers which can be stored away from other goods.

Best regards,
The Manager,
Canadian Coachways Ltd.

1961 CENSUS

CANADA'S POPULATION ROOM

What would be your guess as to the increase in Canada's population in the past 10 years?

Fifteen percent? Twenty?

In fact, the population of Canada during the decade has grown a whopping 30 per cent. Estimates indicate that the June census will show a national population of about 18,200,000 — an increase since 1951 of about 4,300,000.

The expected increase in the decade is almost double the increase for the preceding decade, when the population rose 2,440,000 — including the addition of the Province of Newfoundland in 1949. Viewing the scene from another angle: the increase of the past decade is almost 970,000 greater than the increase for the entire preceding 20 years! From 1931 to 1951, the nation added 3,630,000 people.

After the army of census takers has finished on every household in Canada during June and the figures have been totaled, the census is expected to show that every province will have contributed to the increase since 1951, more than others.

Which province should receive the championship blue ribbon for population increase? There are two schools of thought, depending on how the race is run. As the slogan has it: "You pays your money and you takes your choice."

In the first choice, the yardstick is rate of population growth. Tops marks in this category could fall to either of Canada's two most westerly provinces. Both British Columbia and Alberta are tied neck and neck with expected increases of about 40 per cent. Ontario ranks third with about 35 per cent.

Next come Newfoundland and Quebec, just a length ahead of the national average of 30 per cent. The also-ran in order of growth rate are: New Brunswick, 18 per cent; Manitoba, 17; Nova Scotia, 14; Saskatchewan, 10; and Prince Edward Island, 8.

In the second race, where the yardstick is numerical increase, British Columbia and Alberta will have to take the back seats to both Ontario and Quebec. The field is narrowed to these four provinces which, according to March 31 estimates, have contributed 18 per cent of Canada's population during the decade.

Under these ground rules, Ontario expects to prove its winning position by posting an additional 1,850,000 people — 33 per cent of the nation's estimated population increase in the decade. And Quebec expects to hold second place with an increase of 1,130,000 — 27 per cent of the nation's growth.

The two most westerly provinces which ranked at the top of the race for growth rate — will have to content themselves with third and fourth places. British Columbia shows third with an estimated 466,900 addition in the past 10 years, fourth with an estimated 373,000.

Which yardstick is most appropriate? This is obviously a matter of debate. But there's no question that the results of the June census will accurately reflect the true population figures for the nation, for provinces, and for small areas.

Census results have a host of uses, both government and private. For example, they will be used to adjust representation of provinces in the Federal House of Commons, and to help plan highway and educational programs. They supply the businessmen with facts on the size and nature of markets in different areas of the nation. And in addition, trade unions, housing agencies and virtually every organization concerned with people people — from churches to housing agencies — will use the census results in planning their programs and services.

Easyford News

By: Jack Oscar

May 20 - 22 long week-end and busy and hot, many people were on the roads. Those who did not leave for the holiday were entertaining visitors.

At Zehorah was Mrs. Richard Hicks at Harman's, Mr. Hicks at Harman's; Mr. Edwards at Finis the Palmers of Drayton Valley, Joan and Bonnie Bell of Edmonton were at home for a few days.

Mrs. Hinkel, Grade 5 teacher, treated her finger quite badly while playing ball with about 35 per cent.

is wearing a brace on it.

Mr. and Mrs. J. Hanson of Edmonton brought a small trailer and camped at the school. They have bought the school-house and grounds and plan to make a cottage of it.

Work on the Municipal Park, known as the Easyford Park is progressing very well. It is situated on the Pembina River about 2 1/2 miles north-east of the Easyford Post Office. Ten acres have been cleared and a well drilled which turned out to be an artesian well. The Dept. of Highways installed a kitchen, toilet and picnic tables. The Park Board has plans to cut down the river bank to make a small beach. The earth from this is to be put on a low area to make a softball diamond. Children's playground equipment will also be bought in. The Department of Municipal Affairs have set aside the quarter section of land for Park should it be needed.

On Sunday May 28th a check was made of the number of people entering the park and from 12 noon until 6:30 p.m. 46 cars entering the Park containing a total of 941 people.

This would seem to indicate quite a good interest and a need for more space and more equipment.

W. I. MEETING

The regular meeting of the Drayton Valley Women's Institute was held at the home of Mrs. Jack Frank on Monday, May 16th.

Plans were made for the Annual Strawberry Tea to be held on Saturday, June 2nd at the Ellis Hall. The tea will be from 2 to 5. The W.I. Girl's Club, Pembina Playmates, will also have a table at the tea and a sale of plants. Mrs. Walter Kraus will convene the tea.

Most of the members plan to attend the Constituency Conference which will be held in the Winterton Community Hall on June 7th. Mrs. Leslie Oscar will be the delegate. Mrs. Kraus, Mrs. Frank and Mrs. Parenteau will be taking cars.

Mrs. Cull the treasurer reported that one wheel chair was sold. The Hobo was held for a financial success.

A card was read from Rome, Italy, from Mrs. H.T. Deby who is holidaying in Europe.

W. I. MEETING (Cont' from page 8, Col. 8)

Convenor attended the meeting. She commented on the business-like way in which the various committees made their reports.

The next meeting of the W.I. will be at the home of Mrs. Roy Barrow on Monday, June 19th at 8:00 p.m.

O. O. R. P. News

During April and May the activities of the O.O.R.P. have been many and varied.

Twenty four ladies attended the District Convention at Ennisville on April 29th. Honored Royal Lady Sovereign from the Bir- winkle Lodge opened the Convention at Ten A.M. District Deputy Gervie gave a brief report and welcomed all Lodges.

The Minutes of the past District meeting were read and each reported they're attendance. Roll Call is as follows:

- | | |
|-----------------------|-----|
| Ennisville..... | 27 |
| Edson..... | 7 |
| Warburg..... | 4 |
| Gairford..... | 23 |
| Sangued..... | 17 |
| Barnhead..... | 24 |
| Drayton Valley..... | 24 |
| Total Attendance..... | 103 |

The sick and visiting Committee reported several cards and bouquets sent to all members.

The O. O. R. P. served coffee and doughnuts at the Red Cross Clinic held in the School Auditorium on May 23rd.

On May 17th the Ellis will be holding a Barbecue in the Ellis Hall, the Ladies of the O.O.R. P. will be assisting the men preparing and serving the food. The next meeting will be held on Tuesday, May 30th, it is hoped all members will attend.

That's all for this month. O.O.R.P., Newspaper, Patricia Jenkins.

PEMBINA PLAYMATES

The regular meeting of the W.I. Girl's Club was held at the home of Mrs. O. Christofferson on Monday, May 18th at 4 p.m.

Mrs. P. Miller, Constituency Convenor was a guest. She praised the girls for being a very active club and for making prompt and detailed reports.

A letter was read from Miss Shirley Walker, District President asking for a donation for a gift for Mrs. Odland and Mrs. Thurlow, Provincial Director and Assistant for the A. W. I. G. C.

who are retiring this year upon completing their 6 year term.

Mrs. Morley gave a lesson in central cost stitch embroidery to the ladies.

Mrs. Christofferson served a delicious lunch. The playmate will be serving at the W.I. Strawberry tea on Saturday, June 1st.

COOKING MAGIC (Cont' from page 4, Col. 3)

- 1 tsp. salt
- 2 tsp. brown sugar
- 2 tsp. (2 envelopes) unflavored gelatin
- 1/4 cup cold water
- 3 tsp. lemon juice
- 2 hard-cooked eggs, sliced.

Combine tomatoes, onion, celery leaves, bay leaf, cloves, salt and egg. Simmer 20 minutes; strain. There should be 3 1/2 cups. Soften gelatin in cold water; dissolve in hot tomato mixture. Add lemon juice. Pour in gelatin mixture; chill in gas refrigerator until firm. Unmold. Garnish plate with curly aspic. Top mold with flowers of green pepper petals.

REC A CHICKEN SALAD WITH DRESSING

- 2 tbs. butter or margarine
- 3/4 cup uncooked rice
- 1 3/4 cups of warm water
- 1/2 tsp. salt
- Pinch thyme
- 2 cups diced chicken
- 1 cup diced celery
- 2 cups orange sections, or mandarin sections.
- 1/2 cup French dressing
- 1/2 cup oil
- 1 head lettuce.

In a 2-quart saucepan, melt the butter or margarine. Add the rice and cook until the grains are a brownish color. Stir occasionally. Add the water, salt, and thyme, and bring to a vigorous boil. Turn flame as low as possible. Cover and leave over low flame for 20 minutes.

Chill the rice. Add the chicken, celery, orange sections (save skins for garnish), French dressing and salt to the chilled rice. Toss together. Place in lettuce cups or use a bowl or platter with lettuce and place the rice and chicken salad on the lettuce. Garnish with remaining orange sections. This recipe makes 10 servings.

LOOK' AT RECREATION (Cont' from page 8, Col. 5)

What has just been said of the P.O.N.Y. League could be almost repeated word for word in dealing with our Colt camp. The Colts will also be restricted to playing in tournaments and exhibitions. The Colts will enter the Provincial Playdowns.

In the case of our Juveniles, they had to invade the North country, however, they did succeed in getting into a league. Under the direction of Ted Fair and Bill Davies the youngsters will be competing in a league with Mayenthorpe, Whitecourt and Bar-

head. I understand that all visits by Drayton Valley and to Drayton will be on a double-header basis therefore completing a twelve game schedule with a maximum of three road trips — granted, they are all long jumps, but it is certainly cutting travelling to a minimum. The locals should be right in there at this level of competition.

ALONG THE LINE OF DUTY:

There are still some eighteen hockey uniforms lacking. Of the eight teams, four Peas Wee three Bantam and one Midget; the D.V.A. A. Rostars is the only team that has made a complete return of equipment to date. A poor average when you consider that we are in June and that the hockey season has been over for three months. The original plan still stands. NO BASKETBALL. UNIFORMS ARE RETURNED.

Those interested in the wonderful gym work that Prede Lenevich has been doing with the Junior girls of the community will get a chance to see the little darlings perform at the Frank Macdonald H.S. Gym on June 17th. More about this next week.

QUICK CENSUS FACTS:

All businesses take inventories of their position. The census which begins Thursday, June 1 is a similar procedure, measuring Canada's basic resources — her people.

Facts on every resident of Canada will be collected by census takers. Information on housing will be gathered from one household in five. Agriculture and merchandising will also be surveyed.

+ RED CROSS

FREE BLOOD FOR TOUR- ISTS

A friendly agreement between two humanitarian organizations of two great nations is providing a service for Canadian and American citizens of which many may not even be aware.

Opening of the tourist season will see a flow of Canadians across the border enroute for vacation in the United States. It is likely that many of these vacationers are unaware that if hospitalized while in the U.S., they may receive free blood transfusions through a reciprocal agreement between the Canadian Red Cross Society and the American National Red Cross. In run American tourists hospitalized in Canada may also receive blood free of charge through the Canadian Red Cross.

CREDIT "ON PAPER"

The agreement is purely a paper transaction and no blood ever

Here is the type of letter many Canadians receive every month from destitute children overseas who have "adopted" through Foster Parents' Plan. With each letter comes a translation. This one, from a 12-year-old Chinese boy now living in Hong Kong, made in part "On March 28 I received from you through Plan, school fees HK \$45.00 (US \$8.00) and two white T-shirts. I am very happy and very grateful to you for your wonderful support. When I received your money and gifts you seemed also standing in front of me. I can feel the spirit of your love. I must by my very best to study hard, and will not fail your kind expectation. Your foster child, Lai Sam." Information on how you can, as an individual or as a member of a group, can be obtained from Foster Parents' Plan, P.O. Box 65, Station B, Montreal.

supply is built up for use of visitors from the two countries.

Since inauguration of this agreement between the two Red Cross organizations, hundreds of Canadian and Americans have realized a considerable reduction in medical expenses, particularly in those areas in the United States not served by the Red Cross service. Whole blood and blood

GYMKHANA NEWS

By Carol McCallagh

The Gymkhana grounds were the scene of a terrific race when the Larist Gymkhana Club sponsored its first timed gymkhana on Sunday, May 28th.

Winners of the featured races were: Larry Shultz who showed us all how to dive off his horse and slide through a tire without lifting it off the ground and back into the saddle and home to win a prize of \$3.00 for first. Taking second was Glen Swendsen and third was Mary McCallagh.

The adult featured race was a equipment race where the contestants had to bridle, saddle and ride his mount to the finish line to win a prize of \$5.00. Dalton Brown took first place on his fine horse Compendor.

Sherry Davies was second and Jackie Haxha third, winning prizes of \$3.00 and \$2.00.

Flag picking, pole bending and barrel racing were also off as well as two other novelty races for both groups.

Many thanks to all the people who helped make this a great success, judges, time keepers, recorders and our announcers and the many more who have not been mentioned, who donated their equipment and time.

Thanks again to all and especially to the contestants who were all great sports.

See you at the next gymkhana!!

INQUEST HELD

(Cont., from page 1, Col. 9)

According to evidence given by the Pioneer automobile was attempting to pass the Fontana vehicle at the time the fatal crash occurred. According to Mr. Fontana's statement his own car was traveling at approximately 40 miles per hour immediately preceding the collision of the two other vehicles. At the time of impact the Pioneer car was said to have been about three feet on the east side of the white centre line.

At the point where the accident

occurred, on the highway the paving of the highway is unfinished and only the first coat, or base coat of the asphalt had been applied last fall when the work on the highway ceased for the winter. At that time a broken white centre line was painted down the centre of the highway at that point, and there is some evidence to the effect that visibility is limited at that particular spot and that a solid white centre line should have been painted last fall before the highway was left for the winter.

The coroner's jury went out to the scene of the accident at the direction of the coroner before reaching their verdict.

Following is the account of the inquest as conducted May 24.

An inquest taken for our coroner, Lady the Queen at the Town Hall of the Town of Drayton Valley on the 24th day of May, 1961 before Dr. Theodore Brooks, one of the Coroners of our said Lady the Queen for the Province of Alberta, on view of the bodies of Donald Hugh Cunningham, Donald John Fjesseth and Charles Edward Nevalin, then and there lying dead, the undersigned J. J. P. L. Lorne Stevenson, Douglas Tolchard, Jack Argent, Charles Schneider, and Leonard Bernard, good and

R. A. PRATTINGTON, A.I.E.E. Manager.

lawful men, being duly sworn, and charged to inquire for our said Lady the Queen, when, where, how and by what means the said Donald Cunningham, Donald Fjesseth and Charles Nevalin came to their death, do upon oath their oath say:

"That Messrs. Charles Nevalin, Donald Cunningham and Donald Fjesseth came to their death on March 26 1961 at approximately 11:00 p.m. at a point approximately 4 miles north of the Town of Drayton Valley on Highway 87, as a result of injuries incurred in a head-on collision between a car driven by Mr. Donald Fjesseth and struck driven by Mr. Floyd Hawthorne.

We, the jury, recommend that all highways, even tho' in the base coat of construction stage, be properly marked, and that the particular point where the above accident occurred be marked immediately."

For The Ladies Dept.

FOR THE LADIES DEPT.: Carole Lane, vice-president Director of Shell Oil Ltd., will visit Drayton Valley on June 21st. Object of Carole's visit, a Public Service feature of Shell Oil, will be to help the Ladies and their mother-folk get ready for that important Summer Holiday trip. She will instruct in how to Plan the Trip, How to Pack Suitcases, What to wear, etc. If questioned on how to Pay for Carole will probably suggest a Shell Credit Card.

Anyone with Baby Feet and the Urge to Travel will find this all very useful and instructive. And if they want to know more they may call Mary Burrows at 545-3618. (And don't say that Mrs. Burrows doesn't know how to get some free publicity!)

(Cont., page 11, Col. 2)

THE CHAPEL HOUR

(Cont., from page 7, Col. 4)

over the trees? That said all the trees into the bramble. Come thou, and sleep over us. And the bramble is said into the trees. If in such a case the King over you, then come and take refuge in my shade; and if not, let fire come out of the bramble and devour the cedars of Lebanon."

When I was working for a company in New York, there was a very able man in our export department. He had been in one job for a long time, and at last he was offered advancement to an executive position. He politely declined. He explained to his colleagues that he knew his job thoroughly and enjoyed it. He was making more than enough for his family and himself to live on. He was effective for the company in his present position. If he were to accept the promotion, he felt, he would be undertaking something for which he was not qualified by nature or disposition. He would feel uneasy and insecure. He preferred to remain in his present position. He was like the olive tree and the fig tree and the vine.

If, on the other hand, a man is qualified for an executive position, wants it, and could be effective in it, he must have the support and faith of his subordinates, or he will never make a success of it.

GRADUATION 1961

(Cont., from page 1, Col. 2)

Speaking to the Graduates Mr. Bruce advised them to use what talents and capabilities they possessed to the very best of their ability. "For" said the speaker, "success can only be measured only by what you give and not by what you get." He concluded, "What have we given to the world? All that we have been given to us. He concluded: "True success in life is measured in what we can give to others."

Seated at the Head Table were Mrs. Zimmerman, Comm. teacher, Mr. Zimmerman, Mrs. Kuchenko, teacher in the elementary school, Dr. Kuchenko, Language teacher, Mr. Gunning, Mrs. Gunning, English teacher, Mr. Frank Maddock, Chairman of the Stoney Plain Divisional Board, Mr. T. McManis, Principal, Frank Maddock High School, Mrs. George Bruce, Mr. Bruce, Mrs. McManis, Wally Mohr, Student Body President, Miss Susan Miller, Mr. John Peter, Mrs. Peter, Social Studies teacher, Mr. Keith Miller, Mrs. Miller, Literature and Social Studies teacher, Rev. Brown, Mrs. Brown, Mayor Meier, Mrs. Meier, Mr. John Gray, Elementary School Principal and Mr. Gray.

Times have changed. Today a man pays a quarter to park his car so he must be found two dollars while spending a dime for a nickel cup of coffee.

Letter To D.V.A.A.

LETTER TO THE C.A.B.C. IN DRAYTON VALLEY.

My Dear Friends:

Let me, on behalf of the Federation Boxing Club, commend each and every one who participated in making the Dominion Amateur Boxing Championships held in Drayton Valley this year such an outstanding success.

I think that other places interested in forthcoming championships would be well advised to take a pattern from your town. Never has hospitality and courtesy been extended by so few to so many, and I hope that the friendship which our two clubs have established within recent years will become a lifetime realization.

There are no words within the vocabulary of the English language big enough and capable enough to express it. Drayton Valley our admiration for such an achievement.

To you, Jack Fallis, the dream you named, the obstacles you surmounted, such outstanding achievement of reality and success must be a tremendous satisfaction to you.

May we of the Federation Club offer you the Hand of Friendship and say, "Salud Y Victoria" in your future endeavor. To the people of Drayton Valley and to the Town Council we take this opportunity of saying "Thanks For Everything"

Yours for Sport,
For and on Behalf of the Federation Boxing Club,
J. "Scotty" McGee, ndie.

Notebook

(Cont., from page 10, Col. 6)

Two men from down in Tulsa, Oklahoma spent a few days here the other day and expressed amazement at the tremendous development of the field, and the town of Drayton Valley. Both are employed with Pan American Petroleum Corporation, which when they were last out here previously, about six years ago, was known as Stanfield Oil and Gas Company.

The two are: Byron Houston, Photographic Supervisor for the Tulsa office of Pan Am, and William J. Nash, Publications Supervisor for the same company. Both were here to do a general write-up on the Pembina field operations and this area for the Pan Am. employee bi-monthly magazine "Petroleum". Then a magazine of the write-up will be the constant between conditions here when the company first started operations here, soon after the

first oil strike was made, and the present conditions. The Pan Am. men from general office found the progress made in the town, field and community "astounding" to use their own word.

We reminisced with them on the road, the horrible so-called road that led into this, the conditions of the town, the field. We talked about the "phone" service in and out of Drayton Valley, Violet Grove and way points in those days. It was truly "out of this world", and could not have been from a better world.

But the conditions of that time, just six brief years ago, have given way to the better, much better conditions of the present time, and the two Pan Am. men recorded in picture and word the contrast. It will be interesting to see the article when the publication comes out. They have permitted us one, so we will see that some of it at least is published.

"It's a Girl!" exclaimed Renata Burns excitedly to all customers in Ernie's Supermarket recently. Renata was talking about the new little baby born to Mrs. Burns in the hospital in Edmonton. Renata was quite excited that she had a little sister.

Mrs. Burns had been in the hospital for almost a month and then Ernie had just brought her home when they had to rush her back to the Edmonton hospital again to give birth to the little girl baby, who was several weeks premature. Both mother and child are doing very well and expect to come home soon.

The new girl has been named Crystal after Ernie's sister who is behind the Communist line in East Germany.

Speaking about being excited! A very pretty girl was so excited at her first really big date at the Graduation Banquet that she couldn't eat the lecture turkey dinner provided by the Cardium Room staff. So she handed her but-terfly touched plate over to her long, lean, eat-or, who, like "you Cassius" has a lean and hungry look and gobbled it down in short order.

Little Orville's mother enrolled her child at a private school and gave his former teacher a list of instructions. "My son is so sensitive," she explained, "Don't ever punish him. Just tell the boy not to do. That will frighten Orville!"

Beware of the chap who reminds you that you can't take it with him. He'll try to take it with him.

She: "The raincoat certainly has large openings."
He: "Yes and that tight dress sure has a lot of 'em."

The father looked up from his racing form and noticed the baby in the playpen. Turning to his wife he said, "Baby's nose is running again."

His wife snipped: "Don't you ever think of anything but horse races!"

Kupchenko, high school teacher, Mrs. Miller, high school teacher and Mr. Kwanycia, Back row: Mrs. McManus, Mrs. Jean Moore, former teacher in Drayton Valley and now teaching in Devon, Mrs. Joan Gray, secretary at the elementary school and Mr. Miller, teacher at the high school.

NEW BANK IN DRAYTON VALLEY

Drayton Valley is to have an Alberta Treasury Branch, opening June 12. Superintendent C. G. Davey announced the branch will be located in the main premises of the provincial building formerly occupied by the Alberta Liquor Store. The building has been completely renovated to make way for the new Drayton Valley service.

Employing a staff of five, including manager A.A. Braden, the Drayton Valley Treasury Branch will offer a complete line of financial services, including facilities for night deposits.

Town residents will have an opportunity to inspect the modern premises on the evening of June 9th from 7 to 9 p.m. Treasury Branch offices are expected to attend and officially open the new branch.

The establishment of a provincial government Treasury Branch at Drayton Valley brings to 54 the number of branches opened since 1938 when the first one was opened at Edmonton. During 1961 branches have been opened at Edmonton and Breton. Further plans for this year include establishments at Calgary and Jasper Place.

LADIES SOFTBALL TEAM

Drayton Valley Legionettes played in a Ladies Softball Tournament in Lodgepole last Saturday and did real well by their sponsor, the Drayton Valley Legion.

In the first game they played against Lodgepole girls and won quite handsily with a score of 15 - 2 in a seven inning game. In the final game against Tomehawk girls they won with a more even score of 8 - 7. During the games there were several home runs hit. The Legionettes are shaping up as trophy winners for this season. They expect to play in Northern Alberta and Alberta Provincial playoffs.

Lineup for the local Ladies team was as follows:

Back Catcher, Germaine St. Louis, Pitcher Ethel Jones and Bryan Berger, First Base Shirley

District Personalities

Dr. V. KUPCHENKO. Photo by Carl's

V. Kupchenko was born in Buhovina, that part of the Ukraine which had been under Austrian domination since 1775, until the 11th of November, 1918, when it was invaded by the Roumanian Army. In 1940 it was annexed to the Soviet Ukraine.

In his native land Mr. Kupchenko finished four years of public school, one year of preparatory school, eight years of Grammar school ("Gymnasium"), four semesters of the Faculty of Law and four semesters of the Faculty of Philosophy.

When he returned to his native land, he attended the thirteenth "Tsimba" of the Officers School at Jagendorf in Silisia. Later he served as a private secretary of the Austrian General Karl von Komdelsdorfer, then as a meteorologist and interpreter of the Supreme Command of the Austrian and German Armies of the eastern front. After the capitulation of the Central Powers Mr. Kupchenko joined the Army of the Ukrainian National Republic and served his Fatherland in the intelligence Corps.

During the First World War he
